Quality Control®

For Microsoft Dynamics 365 Business Central

ID: 14,004,530

Meet the "Specs" Every Time

Ensure your Finished Goods meet the customer's expectation. Stop returns due to non-compliance to known specifications. Test your Lot Number or Serial Number Item to ensure you are meeting your pre-defined Testing Specifications. Even incoming Raw Materials can be tested before they are approved for use in the shop.

Benefits:

- Establish your Item's desired QC Measures
- Establish Customer specific Quality Measures.
- Receive into Inventory Lot Numbered Items.
- Test the Lot Numbers, Record the test Results, Print C of A.
- Sell Items, Select the Lot Number to pick.
- Print additional Customer Specific C of A.

Quality Control

Quality Control enables Testing of Finished Good or Raw Material "LOTS" placed into Inventory. For each Inventory Item to be tested, you will set up your Item's Quality Specifications for both Measures and Methods.
